Package ‘AsioHeaders’

March 11, 2020

Type Package

Title 'Asio' C++ Header Files

Version 1.12.2-1

Date 2020-03-11

Author Dirk Eddelbuettel

Maintainer Dirk Eddelbuettel <edd@debian.org>

Description 'Asio' is a cross-platform C++ library for network and low-level
I/O programming that provides developers with a consistent asynchronous model
using a modern C++ approach. It is also included in Boost but requires linking
when used with Boost. Standalone it can be used header-only (provided a recent
compiler). 'Asio' is written and maintained by Christopher M. Kohlhoff, and
released under the 'Boost Software License', Version 1.0.
