Package ‘ecce’

October 9, 2023

Type Package

Title Translate English Words into Chinese, or Translate Chinese Words into English

Version 2.0.6

Maintainer Xinyuan Chu <chuxinyuan@outlook.com>

Date 2023-10-09 00:37:26 UTC

Description If translate English words into Chinese, there is a faster way for R user. 'RYoudaoTranslate' package provides interface to 'Youdao' <http://youdao.com/> translation open API for R user. 'entcn' package also provides similar features. But it does not support Chinese words translation into English, I have made some improvements on the basis of this software. You can pass in an English or Chinese word, ecce package support both English and Chinese translation. It also support browse translation results in website. In addition, also support obtain the pinyin of the Chinese character, so that you can more easily understand the pronunciation of the Chinese character.
